RARITIES OF PHOTOGRAPHIC ART

From 15 March, Galerie Roschlaub and Capitis Galerie are jointly showing 25 works in the rooms of Galerie Roschlaub.

The artists are Helmut Newton, Horst P. Horst, F.C. Gundlach, Jürgen Schadeberg, Norman Parkinson, Burt Glinn and Hansel Mieth - the artists read like a who's who of photographic art.

The photos - all originals, people shots in black and white - come from private collections and are now for sale.

“Such a high-calibre exhibition with works by true masters is rare” says gallery owner Kirsten Roschlaub. “We are delighted to give connoisseurs of timeless photographic art the opportunity to acquire these genuine rarities for their collection“

Photographer Anatol Kotte, creative head of the co-exhibiting Capitis Gallery, has also included one of the pictures in the exhibition. The exhibition will be on display at Galerie Roschlaub until 31 May 2024.
